

Investigator-based Sound Power System — Type 3588

In addition to the sound power systems named in System Data BU 0196–11, Investigator-based (Type 2260) Sound Power System Type 3588 is now available.

Type 3588 is a low-cost system for pressure-based measurements in an almost free field according to ISO 3744, engineering grade accuracy, or for measurements where no standard is applied.

Data are gathered using a Type 2260 for later calculation in a PC.
