## DeltaTron® Accelerometers

— Types 4513, 4513-001, 4513-002, 4513-B, 4513-B-001 and 4513-B-002

*The wide frequency range, low noise-to-signal ratio and choice of sensitivity from 1 to 50 mV/ms<sup>-2</sup> (10 to 500 mV/g) means the Type 4513 range of accelerometers covers a wide range of measurement applications and can be used in a variety of environmental conditions.*

### FEATURES

- Insulated base
- Hermetically sealed
- High resolution
- Low noise
- Low-impedance output
- TEDS – ‘B’ types only

### Description

The Type 4513 accelerometer family are piezoelectric Shear accelerometers with integral electronics. The transducers feature a 10–32 UNF side connector, an insulated base and are hermetically sealed. The transducers have a high resolution, giving an excellent signal-to-noise ratio. They can be mounted by means of a 10–32 UNF threaded stud, or adhesively mounted.

### Characteristics

The piezoelectric accelerometers feature built-in preamplifiers. The sensitivity is expressed in terms of voltage per unit acceleration (mV/g).

In the Shear design, the piezoelectric element undergoes shear deformation as in the DeltaShear® design. Two rectangular slices of piezoelectric material are arranged on opposite sides of a rectangular centre post. This design gives a high degree of linearity, and excellent immunity to base bending and temperature fluctuations. The signal is collected and amplified in the built-in amplifier. The housing material is titanium.

### TEDS Versions (‘B’ Types)

The ‘B’ version of each Type 4513 includes Transducer Electronic Datasheet (TEDS), containing sensor specific and application specific information, including frequency and phase response compensation. The ‘B’ versions are in all other aspects identical to the ‘non-B’ versions. The

TEDS device will survive the temperature range of the accelerometer and operate in the temperature range from –40°C to +85°C.

### Calibration

The transducers are individually calibrated using state-of-the-art random FFT technology, providing an 800-point high-resolution calibration (magnitude and phase), ultimately giving a unique characterisation and securing the integrity of the vibration measurement. The sensitivity given on the calibration chart has been measured at 159.2 Hz with a 95% confidence level, using a coverage factor  $k = 2$ .

## Specifications – General Purpose DeltaTron Accelerometers Types 4513(-B), 4513(-B)-001 and 4513(-B)-002

|                                                | Units                         | 4513/<br>4513-B                | 4513-001/<br>4513-B-001 | 4513-002/<br>4513-B-002 |

### COMPLIANCE WITH STANDARDS

**CE** Compliance with EMC Directive and Low Voltage Directive of the EU

**C** Compliance with the EMC requirements of Australia and New Zealand

### Ordering Information

Types 4513(-B), 4513(-B)-001 and 4513(-B)-002 include the following accessories:

- Carrying box
- Calibration chart
- 10-32 UNF Beryllium mounting stud, length 6.7 mm (0.26")
- 'B' versions include TEDS

### OPTIONAL ACCESSORIES\*

- AO-0038-D-012: Teflon® super low-noise cable, 10-32 UNF to 10-32 UNF connector 250°C (482°F), length 1.2 m (4 ft)
- AO-0531-D-050: PVC insulated flexible cable, 10-32 UNF to BNC connector 70°C (158°F), 5 m (17 ft)
- JP-0145: Plug adaptor, BNC/10-32 UNF
- UA-0186: Extension connector for 10-32 UNF cables, set of 25
- QS-0007: Tube of cyanoacrylate adhesive
- YJ-0216: Beeswax for mounting
- DB-0544: 10-32 UNF Round tip
- QA-0029: Tap for 10-32 UNF thread
- UA-0866: Cement stud 10-32 UNF 0.14 mm (0.005") (set of 25)
- UA-2064: 10-32 UNF threaded steel stud with flange, length 5.3 mm (0.2"), set of 10
- UA-2063: 10-32 UNF threaded steel studs, length 7.5 mm (0.3"), set of 10

### SERVICE

- 4513-CAF: IEPE Accelerometer, Accredited Calibration
- 4513-CAL: IEPE Accelerometer, Accredited Calibration Performed as initial
- 4513-CTF: IEPE Accelerometer, Traceable Calibration
- 4513-CTI: IEPE Accelerometer, Traceable Calibration Performed as initial
- 4513-EW1: IEPE Accelerometer, Extended Warranty, one year extension

\* Additional accessories and cables are available (see www.bksv.com)
