

Support Information

For more B&K 2245 resources:

- Visit www.bksv.com/downloads
- Scan the QR Code® on the back of your instrument

Visit www.bksv.com/support-request to fill out a support form.

Contact Brüel & Kjær

To find your local Brüel & Kjær office, visit www.bksv.com/contact.

Safety Information

DANGER: Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

NOTICE: Do not attempt to remove or replace the built-in rechargeable battery. Replacement of the battery must be done by a Brüel & Kjær authorized repair facility. Authorized repair facilities recycle batteries according to local laws and regulations.

For battery replacement, do one of the following:

- Contact your local office: www.bksv.com/contact
- Use the online form: www.bksv.com/service-request

Battery Best Practices

- Store B&K 2245 at room temperature
- Charge the battery about once every six months to prevent overdischarge
- Run a battery calibration once every six months to improve the accuracy of battery readings
 1. On the instrument, go to: **Menu > System settings > Advanced settings.**
 2. Set *Service mode* to **Enabled.**
 3. Scroll to **Calibrate battery** and press the right-arrow button.
- Have the instrument calibrated once every 12 to 24 months
When you send the instrument into a Brüel & Kjær service centre for calibration, the battery will be checked and replaced if necessary

Latest Information

For the most recent compliance information for all countries/regions:

1. Visit www.bksv.com/downloads.
2. Click on B&K 2245 **Downloads**.
3. Select B&K 2245 **Compliances and type approvals**.

B&K 2245 Regulatory Labels

Government-required information is provided through one of the following:

- A physical label attached to the instrument or shipping box
- An electronic label (e-label) in the instrument's firmware

On the instrument, go to: **Menu > About > Regulatory compliance**

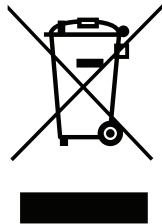

Regulatory Requirements and Markings

For information about the conformity icons on Brüel & Kjær equipment:

1. Visit: www.bksv.com/Quality-and-environment.
2. Click on **Regulatory requirements and markings**.

Recycling + WEEE

Brüel & Kjær has met its national obligations to the EU WEEE Directive by registering in those countries to which Brüel & Kjær is an importer. Brüel & Kjær has also elected to join WEEE Compliance Schemes in some countries to help manage customer returns at products' end-of-life. If you have purchased Brüel & Kjær-branded electrical or electronic products in the EU and are intending to discard these products at the end of their useful life, please do not dispose of them with your other household or municipal waste. Brüel & Kjær has labelled its branded electronic products with the WEEE Symbol to alert our customers that products bearing this label should not be disposed of in a landfill or with municipal or household waste in the EU. Instead, please be aware that Brüel & Kjær is making a return and collection system available to you, free of transportation and recycling costs, for discarding these products.

Standard Warranty

BK 2245 has a two-year warranty, valid from the delivery of the product.
