

GROW OIL AND GAS OPERATIONS WHILE MINIMIZING ENVIRONMENTAL IMPACT

Maximize growth while limiting environmental impact with Sentinel
– Brüel & Kjær’s unattended environmental monitoring and management service.

Improve environmental management

Environmental monitoring and management is vital to effectively plan and grow your oil and gas operations. Failure to maintain regulatory compliance or losing community acceptance can cost your project time and money.

Demonstrate your commitment to responsible environmental management with Sentinel – a web-based unattended environmental monitoring and management service that enables oil and gas companies to efficiently capitalize on opportunities while limiting community impact.

Balancing sustainable growth with regulatory and stakeholder impact can be challenging. With a Sentinel subscription, you can more easily identify issues that may cause operating delay and costs;

The Sentinel advantage

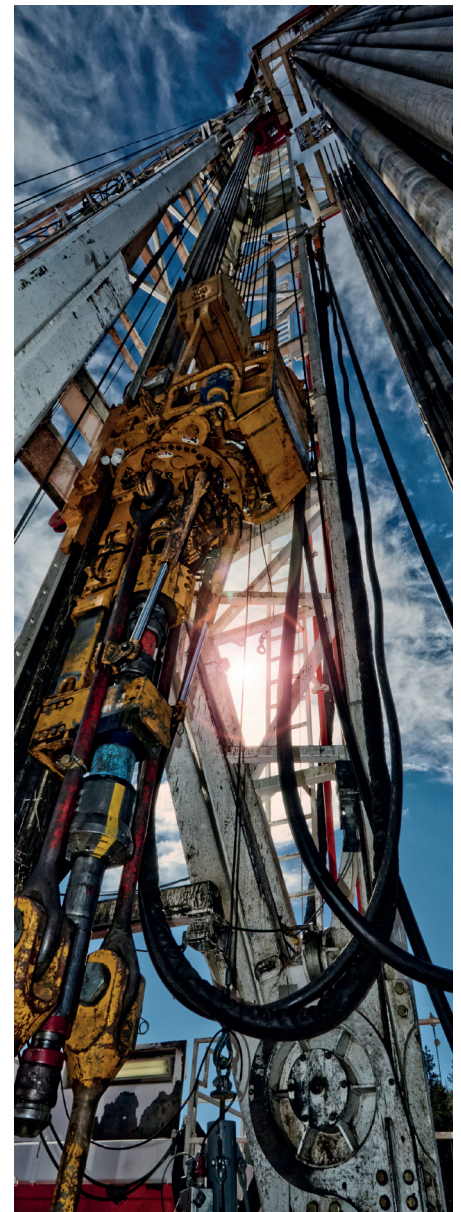

Whether your project is short- or long-term, optimize business operations and build better community and regulatory relationships with a Sentinel subscription. Its unmatched capabilities have established Sentinel as the leading monitoring service for oil and gas companies, construction projects, mines, ports, wind farms, waste management/landfills, industrial facilities, hospitals, municipalities and entertainment venues worldwide.

Discover how simple monitoring noise, vibration, dust, air quality and weather can be when incorporating Sentinel into your environmental management plan.

prove regulatory compliance; and improve community relations and engagement.

Maximize operations

- Obtain reliable, accurate data 24/7 from anywhere, anytime to immediately identify incidents, make better informed decisions and operate at optimal capacity
- Cost-efficiently monitor environmental impact to avoid project delays, financial penalties and costly litigation
- Avoid exceeding noise, ground vibration and dust restrictions for regulatory compliance
- Improve community engagement to decrease complaints and increase support
- Implement a transparent communication approach to keep neighbours and regulators content
